Give And Take

Synopsis

Full of colorful pieces to pop out and move around, this striking, hands-on book of opposites is one that toddlers will love exploring over and over. To play this game of opposites, press out a shape on each spread and turn the page to complete a new picture. Once readers reach the end, they will be eager to play their way back to the beginning! Not your ordinary board book, Lucie Felixâ™s highly original novelty title will help very young children practice early motor skills, shape recognition, sorting, and the vocabulary of opposites.
