Customer Reviews

Good amount of quality content. Its perfect for beginners like me. This book includes the different types of options and the gummy proof first step guide. The most valuable part of this book is the tips and tricks that's included in this book. To gain the same amount of knowledge, without reading the book, itd take me long time and lots of making mistakes.Five stars

This book is probably the most helpful on specially to those who are engaged in a business and to those who are planning to have one. You will learn a lot from this book because it discusses great ideas on how you could have a great start. Recommended.

This guide will give you a good review of the option trading. It looks like understanding the options is the important next step for you, after you begin trading stocks on market. This book provides me an with a better understanding of what I'm going to get myself into with options trading.

I enjoyed tips and secrets of trading which can ensure profit only. I am new in trading so i do not miss any book on this topic. I am happy i picked up this book as i could learn many critical aspects of trading. Well done author
