"I think Al Capone's name was mentioned in every news report today," a reporter once said. This was exactly how Capone liked it, as demonstrated in the biography, *Al Capone and His Gang*, by Alan MacDonald. I think Al Capone was nicer than many people thought - what do you think? Read this book to form your own opinion on whether Capone belonged in prison. Capone was an infamous gangster who gained fame and fortune and wanted everyone to know. MacDonald clearly portrays Capone in this fast paced book with short chapters, and keeps the book interesting by including Capone's journal entries. Those who enjoy adventure will enjoy this Capone biography. Read this book to learn why the police had trouble convicting Capone of any crimes. Capone was born in New York, then moved to Chicago, where he completed a lot of his mischief. Most of Capone's life experiences, as covered in this book, took place near his Chicago and Miami homes. Later, Capone was considered the most famous gangster that served time in Alcatraz Federal Prison. This was reinforced as I read about his life of gambling, betting on fixed games, murder, hiring hitmen, and bootlegging. Capone was so powerful that even the police were scared of him! Al Capone was the main character in this biography about him. Other gangsters (enemies), police

(enemies), and important people (sometimes helpful) were also mentioned in the book. Capone was my favorite character in this biography that covered his life history. I was amazed at what Capone got away with, as described throughout the book. He could have been caught many times but police didn't gather much evidence on him. I was more amazed that Capone looked out for less fortunate people, as described on page 161.
