Customer Reviews

This is a great book with stories about Japanese sisters becoming mail order brides. Each book has a mystery. Loved, loved, loved it. I won this book, but would have bought it because Indiana Wake is one of my favorite authors.

This Box Set has a wide range of plots. I always enjoy reading books by Indiana Wake, she always

comes up with such interesting characters and they always seem to be realistic.

I liked the books because they keep my interest and they all have a different theme. I like happy endings these all have a happy ending

blunder. I know the rating can only be a five but it deserves to be a ten. I cried through the all of this entire time. Please keep me informed about any more coming out. God bless you! Mattie. Gregory

Here the first 6 books are all from one series. Talk about knowing how to sell a series. It is well worth it, if you love clean romances the way I do. Indiana definitely keeps your attention.

A Wonderful Series I had read The Stories Except For The Last One. They all were Wonderful . Very close family and friends and so much Love.

These were all short, sweet, and clean stories. I enjoyed the story of each sister and then the last one which was also involving the sisters.
