Customer Reviews

This is a great starter to learning Russian, unlike any other. If you've already read the multitude of great reviews for the Pimsleur Language Programs, and just not sure about shelling out for a program you haven't tried, buy this Instant Conversation for a bargain and TRY it! If you haven't read one of the many excellent reviews for the Pimsleur Way on .com, here is mine. As an immigrant to the U.S., I've personally experienced learning a 2nd language through osmosis, being steeped in an

enviorment where only the foreign language (English) is spoken. It's a long and arduous process. When I decided to pick up a 3rd language, French. I first tried learning through the other audiobooks such as Berlitz and Barron, and through books such as French for Dummies. Then I tried Pimsleur French I, which made the previous methods seem like banging one's head against a wall. Unlike previous methods, learning French from Pimsleur reminded me of how I learned English, and even how naturally I've learned my native language, Chinese. Dr. Pimsleur, the linguist, has dissected the natural process by which any language is learned, and applied this process to simplify your experience learning a new language without all the pitfalls I had to go through learning ESL. Sure, compared with other self-teach language books and audio out there, the Pimsleur materials doesn't load you up with vocabulary, but Pimsleur BUILDS your vocabulary. Are you sure you're going to remember all the words from a typical language program after a day anyways? Unlike those other books, Pimsleur is SCIENTIFIC. And Personal! In many ways it's similar to a personal trainer in learning a new language, the lessons are INTERACTIVE, asking your questions along the way.
