Customer Reviews

This book has been extremely helpful in that it has given me a framework for deciding what tasks to work on during my extremely overloaded days at the office. It's based on the Covey

"Urgent/Important" Grid that I had read about before, but had totally forgotten about. The best part: It has already helped me to decide which phone calls NOT to return first!

why do authors insist that they read their own books? This review is for the audiobook. I wanted to get to the content but their voices are so annoying and grating that i wanted to scream when i heard them talk. Adam Merrill's voice has vocal fry (look it up) which is so annoying. And Kory's voice goes UP AT THE END OF A SENTENCE. so you want to listen but you just focus on HOW ANNOYING THEY SPEAK (uptick at the end). Adam Merrill should not be allowed to address public audiences. EVER. i want to read the book but already invested in the audiobook which i now want to burn.

Every person should read this!!

got this as a gift and they love it
