Customer Reviews

"Diversity Consciousness" is clear, concise, and colorful. Dr. Bucher really opens your eyes in the aspect of diversity, and provides many day-to-day and relatable examples. Would definitely recommend this to anyone.

Very clear liberal addenda. Even introduces the buzz word Microaggressions, which will be used to redefine the meaning of discrimination; which will fundamentally obliterate the first amendment. Unless a person already has a clearly defined world view, this text will help the liberal addenda further it's message to many young aspiring, impressionable college students.

Book is good and easy to read. Disappointed in the fact that I can only access it on one device. Most of my books can be opened on my Mac and iPad. Other than that, it's great info.

I give the Diversity Consciousness Book a five star, it is quite an educational book and a vintage treasure to have. Thanks!

Provides great insight and case studies to truly solidify points. Made concepts easily comprehensible and a joy to read.

Used for a Cultural Diversity class I took. A lot of useful knowledge within. Good read.

Needed this book for a promotional test for work. It is what they asked for.

Book in good shape, learned a lot from this textbook.
