I am future bridal boutique owner and since I am in my planning stages. I have been doing all kinds of research online and reading any and all kinds of books about business and about the wedding industry. I came across this book and I wasn't too sure at first about how good it would be. Meaning how much information will it give me about becoming an bridal boutique owner. It's a quick and easy read and it's also easy to understand. So If you want to own a bridal boutique one day, this is a **MUST READ** book.

Great starting out, needs much more information!

Value for money.

I didn't find this the least bit helpful.
