Customer Reviews

This review is from my 10 year old son. If you like Minecraft this book is definitely for you, especially if you like to make secret entrances or traps. I really like to make secret entrances, so I really like this book. When I first read this book I thought, "This is even better than I thought it was going to be!" If you ever want to make anything that uses redstone, or learn anything about something, use this book.
