Customer Reviews

I love this book and all the other books in the series. if your thinking about getting this book, get it!!
recommend this book for all ages especially people in their early teens. I love the part where they
are trapped at buckseths and they are tied up. they are just about ready to use them to win money

when,oops I guess you'll just have to read and find out.

i gave this less stars than usual. i am a big minecraft and star wars fan and so is the rest of my gang. i will keep it short again so i will make my point: great book barry but i am tired of the errors. i cant make sense of this book with so many of them!try to find out who i am by looking at my other reviews. youll find them in the rest of this series and in enders game.

It was epic. Barry, you have a writing talent that is amazing. Keep writing books!The only error was that you have a lot if punctuation mistakes. But it's a great book.Chapter Twelve at the end made me cry! It was so sad and happy at the same time!Thank you for this epic book!Keep writing!

Amazing book just like every book in the series keep making more and you will get a fortune Barry I can't wait for the next one. If you like Herobrine Mine craft and cliffhanger endings then get this book!

i have read every book you ever written in this series. i love the twist endings and great adventures these extraordinary characters have. i am a big fan and i hope you keep writing more books. thanks for this great series.

I really liked this book because no one ever seems to be on Herobrine's side and this book has him not only be good, but can transfer his powers and can't speak. I wonder what happens...
