Algebra, Grades 6 - 8 (Skill Builders)

Synopsis

Skill Builders are great tools for keeping children current during the school year or preparing them for the next grade level. A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for sixth through eighth grade to help ensure that children master algebra math skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key.

Education & Reference > Math > Algebra

Age Range: 11 - 13 years

Grade Level: 6 - 8

Customer Reviews

Got this for my mom. She is going back to get her GED after 35 years of being out of school. She is having to learn the basics all over again, so I'm working with her when I can. I needed something that would give her plenty of practice problems, and I think this book is really helping. It gives an example on each page, and then tons of practice problems.

I absolutely love this book and this line of books, extremely helpful.

has been great for summer work

As always, great little books!

Great for homeschool
