See Me

Synopsis

See me just as I see you . . . Colin Hancock is giving his second chance his best shot. With a history of violence and bad decisions behind him and the threat of prison dogging his every step, he's determined to walk a straight line. To Colin, that means applying himself single-mindedly toward his teaching degree and avoiding everything that proved destructive in his earlier life. Reminding himself daily of his hard-earned lessons, the last thing he is looking for is a serious relationship. Maria Sanchez, the hardworking daughter of Mexican immigrants, is the picture of conventional success. With a degree from Duke Law School and a job at a prestigious firm in Wilmington, she is a dark-haired beauty with a seemingly flawless professional track record. And yet Maria has a traumatic history of her own, one that compelled her to return to her hometown and left her questioning so much of what she once believed. A chance encounter on a rain-swept road will alter the course of both Colin and Maria's lives, challenging deeply held assumptions about each other and ultimately, themselves. As love unexpectedly takes hold between them, they dare to envision what a future together could possibly look like . . . until menacing reminders of events in Maria's past begin to surface. As a series of threatening incidents wreaks chaos in Maria's life, Maria and Colin will be tested in increasingly terrifying ways. Will demons from their past destroy the tenuous relationship they've begun to build, or will their love protect them, even in the darkest hour? Rich in emotion and fueled with suspense, SEE ME reminds us that love is sometimes forged in the crises that threaten to shatter us . . . and that those who see us for who we truly are may not always be the ones easiest to recognize.

Customer Reviews

Colin Hancock has been a very bad boy in the past. But those days are behind him now as he works hard at college to earn his teaching degree. He has turned over a new leaf who intends on being on the right side of the law not only because one wrong move could land him back in jail but also because he fully intends to become a teacher to be able to guide young minds and keep them from going down the road he is now recovering from. He is pretty sure that things are on track for him until he meets Maria Sanchez one rainy night. As their paths cross again, they cannot help but feel the attraction between them. But the new and still fragile relationship that starts to grow between them has to stand the tests of time. Maria is from a completely different background. She is the daughter of Mexican Immigrants and has worked very hard to get where she is. She is a hard working lawyer with her eye on being made a partner. Her parents' disapproval of Colin is a small problem compared to what they have to face when Maria's dark past rears its ugly head. Can Colin take the risk of trying to save her when it could easily land him in jail again? Can they stand together and still love each other after everything? Nicholas Sparks was starting to become too predictable. I mean romance in itself is a genre where things are basically always predictable, but in his case even the flow was starting to become unsurprising. So when I found out that *See Me* is a Romantic Suspense, I was ready for a new reading experience. As always, the author has built up his characters beautifully. With most of the background of both Colin and Maria being shared at the beginning, it was easy to get close to the characters. Their growth over the novel is immense.
