The Prophet (Tantor Unabridged Classics)

Synopsis

Kahlil Gibran-poet, philosopher, and artist-was born in Lebanon in 1883 but spent his final twenty years of life living in the United States. The three books that compose this audiobook are collections of Gibran's aphorisms, parables, and poetic essays. The first book, *The Prophet*, was originally published in 1923 and is considered Gibran's masterpiece. It is written in prose poetry in twenty-eight parts, and deals with such topics as love, freedom, good and evil, religion, and death. It is a mystical and intensely subjective work, presenting the human soul as essentially noble and good. In *The Forerunner*, originally published in 1920, Gibran asserts that "nobody is to be blamed for our 'being' and 'having' but ourselves." Gibran makes it clear that we are our own destiny and not the toy of a blind fate. Finally, the titular entity of *The Madman*, originally published in 1918, is not literally mentally unbalanced; on the contrary, he is perfectly healthy. His madness is only in the eyes of others. Gibran asserts that we tend to be what society expects from us, even though these expectations could be detrimental for the development of our self-identity. Oftentimes, we veil our true selves with masks out of fear of being ridiculed by others.

Customer Reviews

This audio is well read by Jonathan Reese's and I like the fact that this recording does not include music. HOWEVER, this CD does not play on a regular stereo player or DVD player. It will only play on a computer or MP3 player. This information is on the back of the case but should be included in the description. The CD also includes an ebook of the *Prophet*.

Excellent quality and well done. This product, which consists of 3 Cd's, all play very well on my Sony boom box. It reads word for word with my book copy. I am very satisfied.

Fine recording by Jonathan Reese. Includes The Madman and The Forerunner.
