## **Customer Reviews**

This book makes me beam with pride to be an Oklahoman! It is filled with relevant facts from what a sooner really is, the Oklahoma City bombing, sooner and cowboy football, famous Oklahomans and much more. I have bought several copies as gifts. It also has trivia questions in the back that follow along with the book; it would make a great educational tool. I highly recommend this to any Oklahoman!

I would recommend this for any Oklahoma house, gift or to keep it made my heart proud to read it

to my child! Very informative and very fun for lots of ages 1-9. My heart swelled with pride when I read it over and over Nice job Authors!

I travel overseas often and when invited to a home one is expected to bring a gift. I find that the true gift is something either from home or about home. This is a fun book for both young and old, it lets people from far and wide learn about Oklahoma in a fun simple easy way and is a treasured gift they can share with others.. As long as this is printed and I travel, I will always have several in my bag.

We bought this for our daughter as a keepsake book for her first birthday. If we ever move it will always be a reminder of where she spent her first years. It's a very creative book and a cute gift idea for any little Sooners!

What a beautiful book about Oklahoma! Being a loyal Oklahoman, I was impressed with the information and history being portrayed in this book. Great for children and adults. Would also be great for History classes.

I bought this book because I live in Oklahoma and I thought it might be an interesting way for my two sons (ages 2 and 3) to learn about their state. Yes, the book contains a lot of information, but I would say my boys will benefit from it more when they are a year or so older.

This book is excellent for a project for our Centennial celebration this year. The curriculum is available from the publisher. Great activities for elementary students.

This book is an excellent way to learn a bit of Oklahoma history as well as instilling the alphabet. I do feel it is for older children-but who ever grows up!!!
