Temptation Has A Price

Synopsis

Elder Noel Lee Jackson grew up in the home of Christian parents who raised him to respect women and the Lord. He was the kind of man ladies would stop and watch walk by. In spite of all his moral upbringing, Temptation still pulled on him from every direction. He carried out his duties that any pastor would be proud. He loved the Lord with all his heart, but he had a strong desire for women that no one knew about. He kept his addiction under control for years until one encounter set off a chain of unstoppable events. It all started with the death of a close family friend who was like a second father. He went to church to find peace, but the devil was waiting to awaken the dark desires of the flesh. The events that would follow were so out of the will of the Lord, that he would take his covering from his life. Will Noel be able to repent before it's too late, and will the Lord even hear his prayers? Romans 1:24 says it best. "Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonor their own bodies between themselves."

Customer Reviews

This book was good from begin to end. It was about an elder in church who was a womanizer that lost everything but when he repented God gave him back everything including his life. Although he led the hard way his story has meaning and warning for people that don't take heed to the wrongs they do.

This maybe fiction, but it's so much truth in it. Playing with people's emotions and feelings is serious business, doesn't matter who you are. Any type of addiction can have bad outcomes. Once you recognize your addiction, don't ignore it. Chances are, you need help and won't be able to fight that demon alone. The book was sad in the end, but so real.

After reading this book it really makes you think of the consequences that you can face after turning your back on God. I will say that ending saddens me but it also made me reflective. How many of us have misused our blessings for our own personal gains? How many of us have not taken the time to give God the thanks and honor that He deserves to only thank ourselves? I just want to say thank you Andre for writing a book that really showcased how we fall short at times and what can happen. Continue to write in your truth.

This was a really, really good book. When I first started reading it, I could not stand the main character, Elder Noel Jackson, because he was wicked to the core. He used and abused every woman in his path with no remorse for the damage he was causing. He was caught up in living the fast life, with no care or concern for his disastrous actions. This all seemed to be going well for him, until things began to take a turn for the worst. From that point forward, Noel Jackson's life was a downward spiral. Told in the first person, "Temptation Has a Price" was a story filled with truth, emotion, and drama. It will definitely leave the reader thinking and questioning about his or her own life, regardless of whether he or she has committed any of the acts that Noel Jackson has. This was truly a deep read, and an eye opening tale. Great work!

I like this author, this book is deep. Be careful how you treat others can and will come back, you reap what you sow. Book has a good message it's time out for going to a building we call the church but it's time to become the church. This is real it's so many people being preyed upon and it's time for it to stop. Christ is soon to return, will you be ready.

Excellent story!! This story was so real. Men do not understand what they do to women when they

play games. The price that Noel paid was unbelievable. Every man that is out there hurting women should read this book.

Elder Noel Lee Jackson 34 yrs old handsome intelligent young man drives a Bentley got a 6 figure job lives in a luxury condo life couldn't get any better then this so he thought. He's a womanizer be aware of the people you use to get what you want to satisfy your needs payback is a hellva price to pay when it comes back on you. Robin is crazy they say be careful who you entertain you maybe sleeping wit the devil anytime you use your looks and money to get what you want there's always consequences you will pay for later on down the line. Noel said Women needs to think before giving up the goods wow that was cold all Women aren't like that. Everyone has a good and bad side it's which side you feed the most gets you in trouble we choose to ignore the warning signs and by the time we take heed to it. It's to late the damage is done. And you can't turn back the hands of time we can't blame no one but ourselves and ask God for the Strength to fight the Battles that we ourselves created and the Courage to accept them rather we want to aren't Amen. Andre Ray love this book it makes you about love life and relationships. My 2. Book Undercover Deacon by. Author. Andre Ray .
