Money By Fiat: You'll Laugh About It One Day...

Synopsis

Using the British, U.S. and New Zealand monetary systems, and the Bank for International Settlements among others, to describe the operations of every central bank throughout the world, Money by Fiat explains the dangers of fiat money not only in terms of these four entities, but also in terms of every fiat currency that has ever existed. Beginning from 1694 and the incorporation of the Bank of England, and then moving into the modern age, Money By Fiat delves into the world of the biggest theft in human history.
