Customer Reviews

my kids loved this movie and were thrilled to get this book. In english and japanese. lots and lots of wonderful pictures. one warning first book in a series of several.

Where as this manga is almost identical to the movie split into four parts I did find some errors like mei and her sisters dialogue were switched and I was hoping to have some additional content not in the original movie. Other than that I read this to my son as his bedtime story and he loves it

Children will love this!! The artwork is beautifully drawn and the story is just right to read before the kids go to bed.

kids love this story cross the boundaries, even adults enjoy it. This is one of Miyazaki's most well known books, hard to get it now. I'm sure this story will be loved generations after generations. If you have a Japanese friend, ask him/her!

Excellent, charming imaginative and full of the heart of children. Much more delightful than Disney usual fare.

The cover of this book is incorrect with the following of the movie. There should be two sisters standing next to Totoro, this scene is pretty famous from the movie. This book is probably a knock off.
